Our network is always evolving, so once you've chosen the doctor, other health care professional or hospital you'd like to visit, we recommend you go online to www.myuhc.com. At [myuhc.com](http://www.myuhc.com), you will find the most up to date information about participating network physicians and health care professionals, including credentials, maps and directions, comparisons of hospitals based on quality of care, and various other resources designed to help you make informed decisions about your medical care. Since this information changes frequently, always verify the accuracy of the information directly with the physician, hospital or other healthcare professional. If you do not have access to the Internet, or to verify any doctor or hospital's participation in the network, you can call Customer Care at the toll-free number shown on your UnitedHealthcare ID card.

The UnitedHealth Premium® designation program is an information resource to help you choose a physician or specialty center. It may be used as one of many factors you consider when choosing the physicians or facilities from whom you receive care. If you already have a physician, you may also wish to confer with him or her for advice on selecting other physicians. You may also wish to discuss a physician's designation with him or her, prior to selecting the physician. Like many performance assessment programs, physician evaluations have a risk of error. Please see myuhc.com® for detailed program information and methodologies.
